Nutrition and Food Science Workshop Credit 2008-09

# Instruction Hours

Download the excel database and save to your computer, add your name to the file extension (ie NFS Instr Hrs - Your Name). Enter the hours spent teaching the concepts and using the materials approved on the syllabus. Instrction time may be counted if the class is a school class, a formal community class, an organized religious group class, or a client/patient consultation (as a part of your work). Hours are an accumulation of time spent teaching one or all of the topics on the syllabus. Instruction time may be lecture, PowerPoints, demonstration, or instruction in labs.
